Global Education

<http://www.globaleducation.edna.edu.au>

The Global Education Website is initiated and funded by AusAID to support its Global Education Program.

The objective of the Global Education Website is to increase the amount and quality of teaching of global education in Australian primary and secondary schools.

Teacher resources supporting the integration of a global perspective across the curriculum

Global project

Forests: a global perspective

This project aims to engage students in a celebration of forests and increase their understanding of the global issue of sustainable use of forests for **2011 the International Year of Forests**. It includes activities and resources for students from lower primary to lower secondary.
